

INSTRUCTIONS

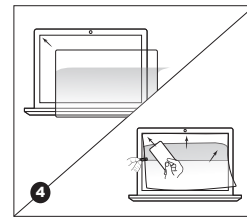

1 Use wet wipe to clean the screen.

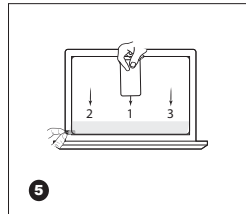

2 Use cleaning cloth to remove moisture. Remove dust with dust remover sticker.

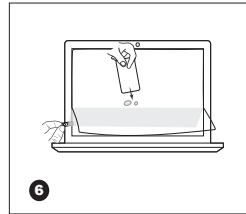

3 Peel Tab 1 off about 2 inches. Do not remove the Tab 1 protective film at once – only peel it off about 2 inches from top and align the edge.

4 Gently and slowly peel off Tab 1 while adhering the film with applicator. Ensure there's no bubble on the top edge.

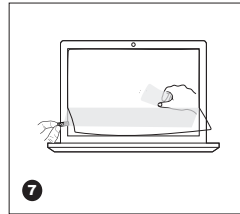

5 Using the applicator from top to bottom (follow 1->2->3) slowly to avoid the bubbles.

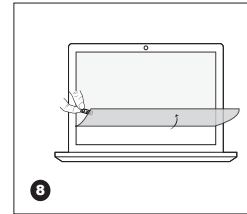

6 [Re-install if any bubbles]

Pull Tab 1 protective film and screen protector up a bit and using applicator to squeeze out any bubbles and press to achieve a firm installation.

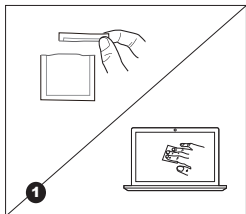

7 [Re-install if any dust]

Pull Tab 1 protective film and screen protector up a bit and use the dust remover to remove the dust.

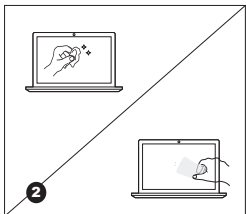

8 Peel off Tab 2 after applying.

ANLEITUNG - DE

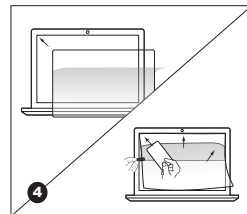

1 Display mit einem Feuchttuch reinigen.

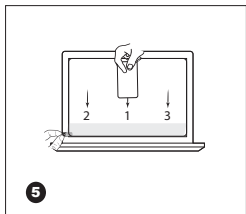

2 Feuchtigkeit mit einem Reinigungstuch entfernen. Staub mit dem dafür vorgesehenen Klebepad entfernen.

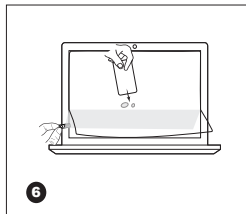

3 Untere Schutzfolie etwa 5 cm abziehen. Untere Schutzfolie nicht komplett, sondern nur etwa 5 cm von oben abziehen und die Ecken ausrichten.

4 Untere Schutzfolie langsam und vorsichtig weiter abziehen und die Klebefläche mit dem Rahmen ausrichten. Darauf achten, dass an der oberen Kante keine Blasen vorhanden sind.

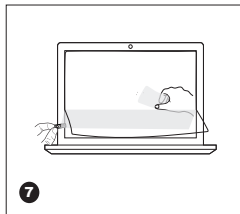

5 Den Rahmen langsam von oben nach unten absenken (Schritte 1->2->3), um Blasenbildung zu vermeiden.

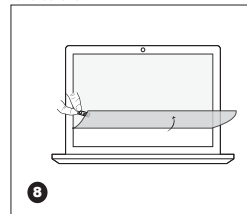

6 [Vorgang wiederholen, falls sich Blasen bilden.]

Untere Schutzfolie und Displayschutz leicht anheben, mithilfe des Rahmens eventuelle Blasen herausdrücken und Klebefläche fest andrücken.

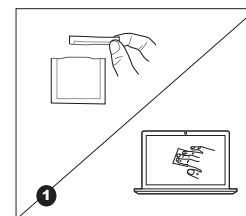

7 [Vorgang wiederholen, falls sich Staub unter dem Schutzglas befindet.]

Untere Schutzfolie und den Displayschutz leicht anheben und mit dem Staubentferner eventuellen Staub beseitigen.

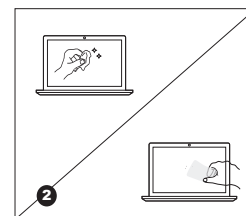

8 Anschließend obere Schutzfolie abziehen.

ISTRUZIONI - IT

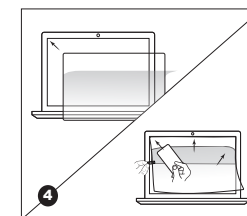

1 Utilizzare una salviettina umidificata per pulire lo schermo.

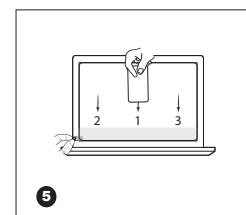

2 Utilizzare un panno per rimuovere l'umidità. Rimuovere la polvere con l'apposito adesivo.

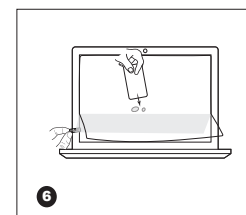

3 Rimuovere la linguetta 1 di circa 5 centimetri. Non rimuovere completamente la linguetta 1: rimuoverla solo di circa 5 centimetri dall'alto e allineare i bordi.

4 Rimuovere delicatamente e lentamente la linguetta 1 facendo aderire la pellicola con l'applicatore. Assicurarsi che non si siano formate bolle d'aria sul bordo superiore.

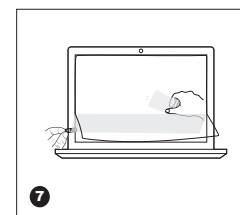

5 Utilizzare l'applicatore lentamente dall'alto verso il basso (seguire 1->2->3) per evitare la formazione di bolle d'aria.

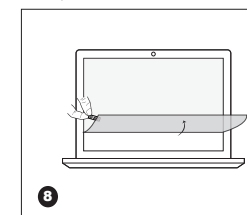

6 [Riapplicare in caso di bolle d'aria]

Sollevare leggermente la linguetta 1 e la pellicola di protezione, utilizzare l'applicatore per rimuovere eventuali bolle d'aria e premere per farla aderire completamente.

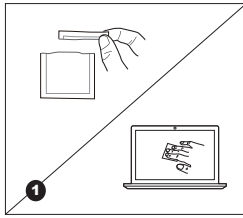

7 [Riapplicare in caso di polvere]

Sollevare leggermente la linguetta 1 e la pellicola di protezione e utilizzare l'adesivo per rimuovere la polvere.

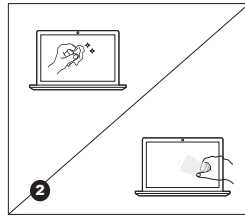

8 Rimuovere la linguetta 2 dopo l'applicazione.
